A New Design Element

Glass block has always had a dynamic relationship with light. Now you can see how it reacts with color and images. Create custom and one of a kind designs using Seves Glass Block. Glass block can now be a critical design element for any room or building.

Our DECORATED GLASS BLOCK is available as individual accent glass blocks or murals. Each glass block is an individually crafted work of art that can be mixed with other glass blocks to form a wall or window of great beauty. The application of the color or images does not affect the fire rating of the glass block it is suitable for applications where fire-rating is required. Decorated Glass Block in the Thickset® 90 Series is also acceptable in Fire Rated and hurricane approved installations and assemblies. (Decorative application may not withstand the weathering of a hurricane or extreme temperatures of a fire)

DECORATED GLASS BLOCK can be used in both interior and exterior applications. The application opportunities are limitless.

Simply imagine it and we can make it happen.
